

IHE[®]
EUROPE

EXPERIENCE
SESSIONS
15-17 JUNE 2021

Stéphane Spahni
IHE-Europe User
Co-Chair

Andreas Klingler
IHE-Europe Vendor
Co-Chair

Vision

Enable seamless and secure access to health information whenever and wherever needed.

Mission

IHE improves healthcare by providing specifications, tools and services for interoperability. IHE engages clinicians, health authorities, industry, and users to develop, test, and implement standards-based solutions to vital health information needs.

Established 1997

IHE PROCESS

Systems built in accordance with IHE profiles enable interoperability and improve patient care.

Healthcare providers and Health Authorities

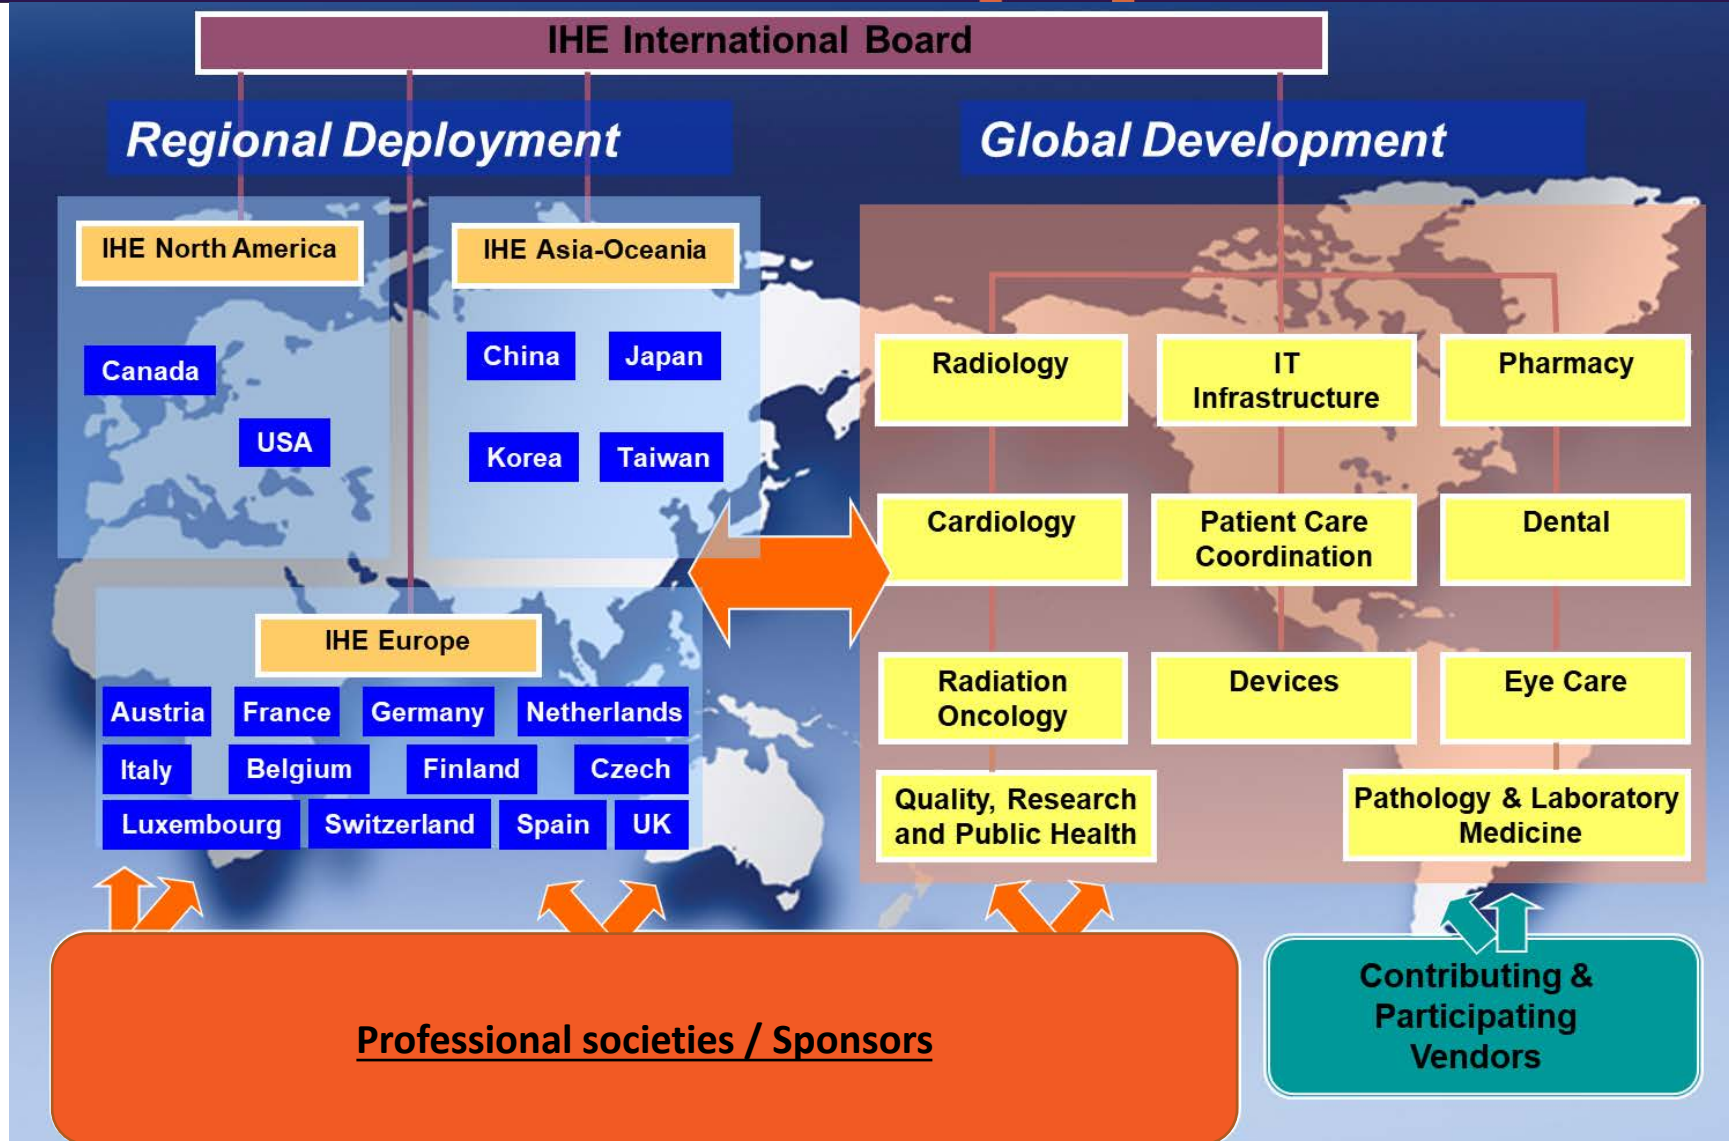

- Improved workflows
- Information whenever and wherever needed
- Reduced implementation costs

Vendors

- Align product interoperability with industry consensus
- Decreased cost and complexity of interface installation and management
- Focus competition on functionality/service not information transport

SDOs

- Rapid feedback to adjust standards to real-world
- Establishment of critical mass and widespread adoption

2021 is a key milestone for IHE-Europe:

- 20th Anniversary – IHE-Europe was created in 2001
- Creation of IHE-Catalyst, spin-off of IHE-Services Committee
 - Approved by the King of Belgium on May 20th, 2021
- 21st Connectathon – online for the second time
 - 30 systems / 24 companies + 4 IPS vendors
 - 110 participants
 - 31 monitors
- First “IHE-Experience” Conference

- A Platform for National Initiatives to meet, exchange ideas, learning opportunities from peers and other experts
- Best Practices on deployment from implementations from across Europe
- Educational information about what IHE Profiles can contribute to COVID-19 Passes & Vaccination Certificates
- IHE FHIR-based Profiles
- Interoperability updates from European Commission, UNICOM, COCIR, Federation of International Pharmacy & Others

And many other topics presented by 50 speakers during 30 sessions !

Enjoy IHE-Europe Experience 2021 sessions!
