

2023 IHE-Europe Connectathon Fact Sheet

The annual IHE-Europe Connectathon provides a unique opportunity for vendors to test the interoperability of their products in a structured environment with peer vendors. Participants test against multiple vendors using real-world clinical scenarios following specifications from IHE Profiles. See also Connectathon White Paper.

Below you will find more information about the IHE-Europe Connectathon Week 2023 in Rennes, i.e., the Connectathon itself, the Experience Day, the Projectathon, other events, etc.

a. Registration

IHE-Europe is delighted to announce that Registration for the **IHE-Europe 2023 Connectathon**, 25-29 September, Rennes/France, is open.

The five-day 'Connectivity Marathon' will take place in the outstanding Couvent des Jacobins. Home of the extremely successful **2019 IHE-Europe Connectathon**, this historic venue offers excellent facilities for both the **Connectathon** and its associated meetings and events. The maturity of eHealth in Brittany, the vibrancy of Rennes and the current 2 billion Euros eHealth investment in France will make this another huge **IHE-Europe Connectathon Week**, so be sure to register early and organise your travel arrangements without delay.

As in previous years many **IHE Profiles** will be tested from key **Healthcare Domains**, with a special focus being on the **International Patient Summary (IPS)** and **AI in Radiology Profiles**. Vendors are encouraged to submit solutions for testing across as many **IHE Profiles** as possible, so as to maximise interoperability test opportunities.

b. Registration Fees and Concessions

IHE-Europe offers various discount options, e.g. for first-time participating vendors, vendors that implement a supporting **Actor/Profile** combination as well as early-bird fees and discounts for **IHE-Europe Members**.

3. Projectathon

A **Projectathon** organised by the Agence du Numérique en Santé alongside the **IHE-Europe Connectathon** will also attract many software developers and eHealth leaders.

4. Other Events during the Connectathon Week, e.g., educational events

The **2023 IHE-Europe Connectathon Week** is more than an opportunity for testing interoperability. Anyone driving interoperability in health in Europe will be present in Rennes for many other meetings (watch announcements on [Twitter](#), [LinkedIn](#) and the IHE-Europe Connectathon website [here](#)).
