Expanding the European **EHRxF** to

**share** and effectively use

**health data** within the **EHDS**

*EHRxF: Electronic Health Record eXchange format*

*EHDS: European Health Data Space*

**Everyone can share their health data in  
EEHRxF with a “click-of-a-button”.**

**Maintained, accessible and usable  
standard-based specifications**

**Accelerate adoption  
across Europe**

- Adoption sites span across EU in different member states:
- Business settings – France
- Hospital network – Italy
- Regional – Madeira & Catalunya
- National – Ireland, Greece Cyprus

- The “Yellow button”
  - Everyone can **share their health data** in EEHRxF with a “**click-of-a-button**”
- The Hub
  - Build a **European EHRxF Standards and Policy Hub** sustainable by design.
- The Industry label
  - **Explore the feasibility** and **value** of an EU xShare Industry label

- The “Yellow button”
  - Illustrates this capability for referenced **priority data categories**: patient summary, diagnostic results, imaging, prescriptions & dispensations; and for newly proposed ones.
  - through harmonized/aligned **international standards** supporting EHDS Interoperability components
