Software Engineer

Join us at Vienna Allianz Stadion, June 23-27, to test your product nearly on the field

IHE Connectathon is a formal interoperability testing event.

It is the best place to:

- **Test** the IHE implementation of your product
- **Find and fix** bugs in your product
- **Complete** the last mile of your software development
- **Share** with experts, including the authors of the IHE Profiles
- **Meet** other professionals who face the same challenges as you do
- **Learn** from the community

January - March	April - May	June	

01 Registration

3 February - 15 March 2024

Complete the registration process in Click-up and Gazelle Test Management

What's new webinar serie

02 Preparation

1 April – 20 June 2025

Perform **Preparatory Test** to get your system, test data and yourself ready before Connectathon.

Webinar « New comers» 08/04/2025 2PM CEST

Webinar « Preparatory phase kick-off » 08/04/2025 3PM CEST

Share the **network configuration** of your SUT to ensure your partners will be able to connect to your system.

During the Connectathon week, a private network is set-up: All SUTs will reside in the Connectathon room

03 Connectathon

23 June – 27 June 2025

Game on!
Connect and perform Peer-to-Peer marathon test!

04 Post Connectathon

30 June – 13 July 2025

Connectathon results

Systems are evaluated by the IHE Domain technical project managers. Results will be available for review by mid-June and publish on IHE website after approval by IHE International board (during summer).

How to register for the event?

1 Complete your administrative registration

- Complete and submit the administrative FORM
- Please remind the payment deadline **Pre-registered fee:** March 15th **Registration Fee:** 30 days after you will receive your invoice
- You will receive your invoice by email.

2 Log into Gazelle Test Management

- If it is your first IHE Connectathon on Europe?
- Go to 2025 IHE-Europe Connectathon, Vienna, Austria testing session
- Stay tuned on the IHE Community for updates

3 Register your systems under test before 15 March

You can start this step once you have submitted the administrative registration form

- In Gazelle Test Management, from the Registration menu, import/add all the systems you will test at this year's event
- You can amend by your own the list of actor/profile pairs to test until **15 March**
- After that date, get in touch with the Technical Connectathon Manager
